Smile with b6pro[®]

The original parts of the B6pro Dental Implant System are manufactured with high precision in accordance with high quality standards. Since their use with products manufactured by third parties may cause performance loss, they are not included in the warranty.

Guarantee Conditions

1. This warranty covers the body of the B6pro branded implant placed in the jawbone. Prosthetic parts, laboratory and other treatment-related fees are not covered by the warranty.
2. The warranty period is lifetime and is valid in all countries of the world.
3. This warranty covers only the replacement of B6pro branded products.
4. This warranty is invalid when B6pro products are used with other brands.
5. For the warranty certificate to be valid, the approval of the physician who will undertake your treatment and the x-ray of the lost implant are required.
6. This warranty does not cover the loss/damage of B6pro products resulting from an accident or a trauma caused by the patient or a third party.
7. Habits and diseases such as uncontrolled diabetes, alcoholism, drug addiction, heavy smoking and bruxism (not limited with these) may impair osteogenesis. Loss/damage in these patients are not included in the guarantee.
8. Loss/damage due to the use of implant-supported prosthesis beyond its scope of function is not included in the guarantee.
9. B6pro products are not included in the guarantee in case the implant-supported prosthetic restoration is replaced for esthetical reasons.
10. B6pro gives guarantee for the replacement of implant body in case of loss/damage that occurs other than any reasons mentioned above. This guarantee does not cover the additional charge your dentist demands from you for the replacement of the implant.
11. You are requested to visit your dentist at least once a year for the continuance of the guarantee.
